OPTO ENGINEERING

Polarizer for LTZPFL040-00-3-X-24V, LTBRDC series

Opto Engineering® offers a series of polarizers available as accessories to be positioned between the LED sources of our illuminators and the workpieces to be inspected. Polarizers can help reduce reflections when use in combination with a polarizing filter on the camera, especially on glossy workpieces. Polarizer can be very useful in applications inspecting workpieces packed in transparent plastic bags.
